

Download and Install Respondus:

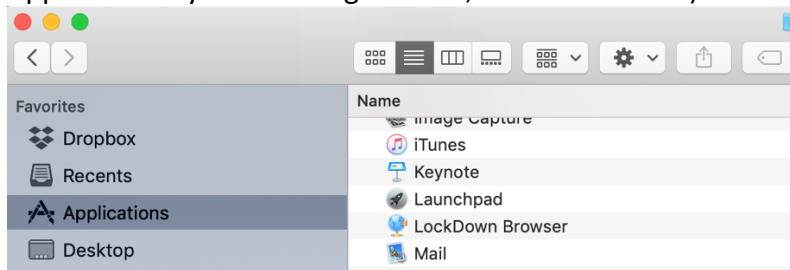

1. Go to the link:
<https://www.csus.edu/information-resources-technology/software-catalog/>
2. Find Respondus in the opened page as shown below:

3. In the Access part, choose the correct link to download the web browser for your system, as shown below.

4. After installation, you can find the **Lockdown Browser** in your system (it will be in Application if you are using Mac OS, as shown below).

5. The lockdown browser will automatically load the sign-in page for canvas.csus.edu.
6. After you finish the exam, you can quit the lockdown browser.
7. For more information, you may find the student quick guide here:

<https://web.respondus.com/wp-content/uploads/2019/08/RLDB-QuickStartGuide-Instructure-Student.pdf>

You may also use the links provided in step 2 for more guidance and information about Respondus.
